

Niklyn Corp & the Suraci Family have been delivering paint and powder coating services for over three generations. We pride ourselves on our Customer Service & High Quality work on all size projects. We also boast one of the largest capacities for coating in the Northeast, with over 120,000 foot facility located centrally between Boston, MA and New York City. And we are also a woman minority owned enterprise (WBE) company.

We follow QP3 quality system and we are in the process of getting our new facility certified. Our manual is attached along with qualifications of our senior staff. Our Coating staff has been coating for more than 20 years each with our company, with our lead painters having more than 30 years' experience in applying high performance coating systems.

Some of the more recent projects completed by us are the following:

- LaGuardia Airport – 3 coat Carboline paint system on Steel beams, bollards and Plates
- Pulaski Skyway- Guardrails and Post 3 coat powder System on Galvanized Steel.
- General Dynamics Plates; Submarine Support system, Abrasive blast & thee coat high performance coatings system 30T's of structural metal & steel plates.
- Greenwich Rail Station; Abrasive blast & thee coat high performance coatings system on 850' of heavy rails along with 20T's of structural steel and misc. metals
- Eagle Warehouse, Long Island City; Abrasive blast & Intumescent fireproof coating. 150T's or structural steel and stairway assemblies.
- 20 East End, NY A Robert Stein Project; Abrasive blasted and 3 coat high performance system on all the misc. components of project including large steel gates and supporting structure.
- 11 Madison Park, NY; Chemical etch, Glass Bead, apply high performance coating system to façade panels, entranceways, interior window and door structures.
- H & M Broadway; Abrasive blast & thee coat high performance coatings system on heavy rails along with 35T's of structural steel and misc. metals
- Rockefeller Center; Refurbish all the flag poles on the site, Abrasive blast & thee coat high performance coatings system on all flag poles.

Along with the above projects here is a list of completed large projects by us:

- Goethals Bridge; Abrasive blast & thee coat high performance coatings system 100T's of structural bridge beams
- Tappan Zee Bridge; Abrasive blast & zinc primer 40T's structural steel, brackets and misc. parts.
- Springfield Park 360T's of fencing & Hand Rails abrasive blast & three coat powder over Galv. System.
- Regional Water Authority Pedestrian Bridges – Powder Coated Steel Bridge 50' x8'x10' as one assembly
- New Haven Rail Yard; Abrasive blast & thee coat high performance coatings system 150T's of structural steel and misc. metals
- East Haven Gun Range; Abrasive blast & thee coat high performance coatings system on 250T's of structural steel and Plate Steel.
- Freedom Tower Oculus; Enclose & Tishman, Abrasive blast & thee coat high performance coatings system on 15,000 steel panels, structural steel components and misc. metals.
- Freedom Tower Flag Poles; Bead blasting and three coat system on all the flag poles for Freedom Tower site.
- Pearl Harbor Bridge; Structal & Canam Bridge, Abrasive blast & thee coat high performance coatings system on 25 Tub Girders each one 40-60T's each. Along with structural steel and misc. metals support steel.

- New York Yankee Stadium; CAPCO, Abrasive blast & thee coat high performance coatings system on structural steel and misc. metals
- New York Yankee Stadium; PIW, Abrasive blast & thee coat high performance coatings system on all door way frames and window steel.
- New York Met's Stadium; CAPCO, Abrasive blast & thee coat high performance coatings system on structural steel and misc. metals
- Colts Stadium; CAPCO, Abrasive blast & thee coat high performance coatings system on structural steel and misc. metals including all handrails and walkway railing systems in stadium

The above is just a sample list of projects completed by Niklyn Corp. over the more recent years. Along with the above projects are some samples of our certified or approved applicator status for the following companies:

- | | |
|---------------------|--------------------------|
| • Force Protection | • Mercedes |
| • Raytheon | • QinetiQ |
| • Northrup Grumman | • Hubble |
| • Lockheed Martin | • DRS |
| • General Dynamics | • GM |
| • Pratt & Whitney | • CONNDOT, MASSDOT, MTA, |
| • Sikorski Aircraft | NY/NJ Port Authority |
| • GE | • Stanley Door |
| • Toyota | • RFS |

Niklyn Corp is proud of our accomplishments & successes but we are continually striving to improve on what we have done in the past. Over the years we have been a major supplier for many of the above companies and continue to supply not only the structural & misc. steel industry with high performance coatings, we supply US Military, many automotive companies, electronics & telecommunication industry. Please look at our website for additional information on both our capabilities and projects. www.niklyncorp.com

Best regards,

Bruno F. Suraci Jr.
